

28 October 2020

Dear Year 2 Parents and for information for All Parents/Carers,

A confirmed/positive case of Covid-19 has been identified in our Year 2 year group.

It has happened outside of the time frame of infection. This means **that we do not need to isolate Y2 staff and children for 14 days because the last day of contact with the positive case was more than 48 hours ago.** There is **no risk of infection from this case to your Y2 child.**

However, please watch out for any of the following symptoms in your child:

- High Temperature – hot to touch on your chest or back
- New continuous cough – this means coughing a lot over 1 hour or 3 or 4 coughing episodes over 24 hours
- Loss or change to your sense of taste and smell – this means you've notice you cannot smell or taste anything or things smell or taste differently to normal.

If you notice any of these symptoms please book a Covid test for your child and let school know.

**The Nursery, Reception and Year 2 Year groups will be open as normal after the holiday on Monday 2 November, but will need to be collected at 1pm.** Year 1 will open again on Wednesday 4 November.

Thank you for your support with this situation.  
Stay safe.

Yours faithfully,

Mrs. J. E. A. Brierley,  
Head Teacher
